OPENING AND CLOSING A COMPETITION

State and Division Competition Coordinators: The Competition Coordinator (or the Inside Judges Monitor/Timekeeper) must be the presiding official in opening the competition. In closing the competition, following the judges’ decision, the announcement of competition results must be made by the Competition Coordinator. The professional attitude of the Competition Coordinator will influence the professional attitude of the audience. To assist the Competition Coordinator in organizing the opening and closing of a competition category, the following outline is provided:

Opening a Competition Category

Schedule the opening at least five (5) minutes prior to the performance time of the first entrant.

• Introduce yourself and say a few words of welcome.
• Express appreciation to the audience for attending.
• Introduce monitor who will be assisting the judges.
• Mention any changes in the printed program.
• Remind the audience to applaud only at the conclusion of the entrant’s complete program.

• Ask the audience to turn off all beepers, cell phones, alarms or devices of any kind that might produce a sound.
